PROFILE

I am a skilled frontend developer with over 3 years of experience in building and maintaining responsive web applications. I thrive in collaborative environments and am dedicated to delivering high-quality, efficient solutions. My goal is to secure a position where I can continue to grow my skills and contribute to innovative projects.

WORK EXPERIENCE

Frontend Developer Freelance - 2021-Present
- Developed and maintained web applications using React.js, Next.js, and TypeScript.
- Created dashboards with charts using Recharts and Chart.js, and built tables with React Table.
- Managed state with Redux and Zustand, and integrated third-party APIs.
- Utilized React Query for data caching and performed form management with Formik and React Hook Form.
- Designed user interfaces using Tailwind CSS, Material UI, Chakra UI, Bootstrap, and PrimeReact.
- Implemented messaging functionalities using GetStream.
- Proficient in version control using Git, GitLab, Bitbucket, and GitHub.
- Worked in Agile teams and utilized project management tools like Trello, Jira, and ClickUp.
- Familiar with backend development using PHP and Laravel.
